An effective Installation can change one's viewpoint.

Gayatri Ruia, Director, Palladium, says, "The tree is truly mesmerizing and creates the excitement of secrecy and wishes coming true, which perfectly marks the start of the festive season."

Sangam Factory Layout

Factory setup & office Interior (25000 Sqft area, 4 storied building)

Team Scribbl is working on a factory setup. This manufacturing unit is producing gold and Diamond jewellerys. Our scope of works are as below.

1. Understanding the existing setup and the workflow.
2. Planning the new factory setup with the onboard executives from the company.
3. Creating the machine layout and other required technical drawings.
4. Creating the look and feel of the factory maintaining the usability of the area.
5. Coordinating with the technical external agencies.(ETP plants, recovery agency etc.)
6. Planning and execution of the new place.
7. Managing the right work force with onsite/offsite planning.
8. Deciding the key factors for shifting and final placement.
9. Money control.
10. Mounting and execution.

A dark, minimalist interior space. A glowing, horizontal light fixture is mounted on a dark wall, casting a warm, golden light. The light fixture is shaped like a long, thin, slightly curved bar. In the center of this bar, the word "RAWAL'S" is illuminated in a bold, sans-serif font. To the left, a doorway leads to a brightly lit area, possibly a hallway or another room, with a white wall and a dark doorway. The overall atmosphere is mysterious and modern.
